No. 4

## NOMINATIONS

### ENGINEERING SOCIETY

President  
A. E. TYSON  
J. R. WHITE

First Vice-President  
W. L. DUTTON  
R. C. WILLIAMSON

Second Vice-President  
R. E. IRWIN  
E. S. JEWETT

Secretary  
M. A. ELSON (Accl.)

Treasurer  
J. L. DONALDSON  
MAX. HENDRICK

### ATHLETIC ASSOCIATION

President  
P. A. BALLACHEY  
ALF. HANCOCK

Vice-President  
J. R. FITZPATRICK (Accl.)

Secretary-Treasurer  
R. A. ADAMS  
E. A. PEAKER  
H. M. SMITH

Chairman—S.C.A.  
E. N. WARD (Accl.)

Debating Club Chairman  
G. E. BEAMENT  
K. J. JOYNER

### CIVIL CLUB

Chairman  
W. R. EDMONDS  
E. A. PHILLIPS

### M. & M. CLUB

Chairman  
J. H. E. DOYLE  
M. S. FOTHERINGHAM

### ARCHITECTURAL CLUB

Chairman  
A. J. HAZELAND  
GORD. FOWLER

### MECHANICAL CLUB

Chairman  
J. M. BOYD  
B. B. PUDDY

### Permanent Executive, 3T0

President  
H. J. MUIR  
G. R. ARMSTRONG

### Vice-Presidents

N. D. ADAMS  
J. E. R. WOOD  
W. E. CARRUTHERS  
G. M. MASON  
I. C. HARDY  
R. B. ROCHESTER

### Secretary-Treasurer

R. C. McMORDIE  
P. L. McKAY  
W. DOWDS  
E. R. JARMAN

### Councillors

E. T. BURNS  
J. R. CRERAR  
J. C. EDMONDS  
P. O. SIMS  
E. G. WYCKOFF  
J. R. TURNBULL  
H. R. D. GRAHAM  
J. STRINGER  
A. H. PERRY

### Class of 3T1, Fourth Year

President  
F. FRANK DYER  
JOHN FRANKLIN  
J. D. HAGGART  
R. A. IRWIN  
K. S. MOESER

### Vice-President

J. H. GIBBS  
J. W. E. THOMAS

### Secretary

JOHN B. DOWLER  
M. W. MERCER

### Treasurer

A. B. MACPHERSON  
D. J. REED

### Fourth Year Athletic Rep.

R. E. CLARKE (Accl.)

### Class of 3T2, Third Year

#### President

E. A. BLACK  
E. J. LANGAN  
MENZIES McKILLOP  
T. W. WILSON

#### Vice-President

F. R. ROSS  
V. A. WOOD

#### Secretary-Treasurer

W. B. P. BROWN  
J. F. MOORE  
EVAN A. WITHROW

### Class of 3T3, Second Year

#### President

STEWART BALL  
E. F. McINTYRE  
DOUGLAS SMITH  
C. A. STEVENS

#### Vice-President

ROGER A. BAKER  
BERT BARBER  
J. H. BYRNE  
W. A. CARTER  
J. G. EASTWOOD

#### Secretary

E. HALLETT  
R. KEITH LITTLE

#### Treasurer

C. F. BUSH  
E. A. MABEE  
R. MANCANTELLI

#### Athletic Representative

W. G. EATON  
T. C. MUIR

### VERY IMPORTANT

Each member entitled to vote shall receive his ballot from the Returning Officer, and after marking it shall return it to the Returning Officer, who shall deposit it in the ballot box.

A majority of the total number of votes cast shall be necessary for election to any office. The Hare-Spence system of voting shall be used. In the Hare-Spence system of counting, the voter marks opposite the name of the candidate for whom he wishes to vote, the figure 1; while opposite his second choice for this office he marks the figure 2; and opposite his third choice the figure 3; and so on.

When the number of "first choices" are added, the candidate with the lowest number goes out and his "second choices" are distributed among the others, counting as first. This method of elimination is followed until two are left, and the candidate with the largest count is declared elected.

## The Toike Oike

*Devoted to the interests of the Under-graduates of the Faculty of Applied Science.*

*Published Every Now and Then by the Engineering Society of the University of Toronto.*

### TOIKE OIKE

Editor—W. E. Algie.

Associate Editors—

M. M. Hendrick.

G. B. Pritchard.

### ENG. SOCIETY OFFICERS

President—N. D. Adams.

1st Vice-President—G. M. Mason.

2nd Vice-President—A. E. Tyson.

Secretary—I. K. Chalmers.

Treasurer—W. L. Dutton.

President of Athletic Association—

J. E. R. Wood.

Director of Publications — K. H. Rapsey.

### CHAIRMAN OF CLUBS

Architectural—J. F. Green.

Chemical—A. R. Wallberg.

Civil—R. C. McMordie.

Electrical—B. deF. Bayly.

Mechanical—H. J. Muir.

Mining and Metallurgical—B. G. W. Robinson.

### EDITORIAL

One great difficulty with our Society is the fact that when the Little Red Schoolhouse opens up again in the fall some of the elected candidates are with us no more (let us pray) and their positions must lie vacant until after an election can be held.

If the unfortunate office-holder happens to be the President or say Treasurer, of the Society, matters are greatly complicated. Should this eventuate we are of the opinion that the second man should automatically take the office providing there were at least three candidates. This would keep the incapable also-ran from dropping into a soft position and would also be an impetus to having two or three good men running for office instead of as is the case now, a capable chap dropping out because his friend is running.

Altogether we think that it would alleviate the disconcerting situation when an office-holder misses his year.

The long skirt is like Prohibition, the joints are still there but they are harder to find.

### JACK WHITE RUNNING FOR PRESIDENT

Jack White, President of third year for 1929-30, solicits your vote on his behalf for President of Engineering Society for the ensuing year 1930-31. We all know of Jack's athletic prowess as a member of the Varsity Inter-collegiate Rugby team for the past two years and as well playing basket-ball for School. Besides these achievements which give him the necessary and required recognition on the campus, he has had considerable executive experience as Secretary of the Engineering Society for the year 1928-29 and as President of the present third year. He has the executive ability and experience and the social standing required by the President of the Engineering Society and he solicits your votes upon these qualifications.

A student dropped into an Art Shoppe and fell in love with a painting. Calling Goldberg, the dealer, he priced the painting and was tempted to buy it. But he hesitated.

"I'd like to take it," he said admiringly.

"Vell, vhy dun't you," urged Goldberg, "if the price is satisfactory?"

"Oh, but you see," said the student, "before I buy it I must actually live with it to make sure I really likt it."

"Oi," murmured Goldberg, his eyes widening, "you're from S.P.S."

In these days of hard wimmen and strong likker, two pints certainly make one cavort.

### BERT TYSON RUNNING FOR PRESIDENT OF THE ENGINEERING SOCIETY

Bert Tyson is running for President of the Engineering Society on the strength of his executive ability, and his ability to work.

In his first year he was elected Debating Club Representative. He was not long proving his athletic ability, and made the U. of T. second wrestling team and was elected club representative for the first year.

From this humble beginning he stepped into prominence. Elected Vice-President of the second year, he put over the best initiation since this form of entertainment was banned some years ago. In the athletic world he branched out, winning the interfaculty light heavyweight crown for boxing, and his "T" for intercollegiate wrestling in the same class.

To start his third year, Bert shouldered the arduous duties of second Vice-President of the Engineering Society, and the Engineering Society store, under his management, has had record sales. Bert has continued to shine in athletics, specializing now in boxing, being a regular on the present Varsity team, and continuing his work on the School Rugby team.

His executive ability coming to the fore, he now holds a variety of affairs of this nature. He is second Vice-President of the MacDonald Cartier Club, Vice-President of the U of T Boxing, Fencing & Wrestling Club, member of the Hart House Hall Committee.

Flapper Fanny says her new ostrich feather skirt isn't very practical, but it certainly tickles her vanity.

The bridal gown is the flapper's business suit.

"Say, what are you bandaged up about?"

"Nuttin'. I was takin' de part oi Santy Claus."

"Well?"

"Aw, de bim's husband wouldn't believe I was fillin' her stockin'."

The height of absent-mindedness is the burglar who was taking a roll from a gal's stocking and then forgot what he was after.

### "DICK" WILLIAMSON 1st VICE

R. C. "Dick" Williamson is a candidate for this position. He should be able to fill this office well, because the main duties of the First Vice aside from regular executive duties are acting as Chairman on the School "At Home" Committee and School Dinner Committee.

Dick has had more experience in this line than anyone else in the first three years of this Faculty.

In his first year he served on the Junior School "At Home" Committee and was a committee member for two year parties. Also he was First Year Athletic Rep. which gave added executive experience.

In second year he served for the second time on Junior School "At Home" Committee and also was on a year party committee.

This year in his third year he worked on the School "At Home"

Committee, which body "put over" probably the most successful party in the history of School.

In conclusion we may say that if experience counts for anything, this man should certainly be able to take over the reins of First Year Vice-Presidency and help guide the destiny of "Old School" with much success in the coming year.

One ounce of calf is worth more than a pound of bull.

#### DUTTON AS 1st VICE

W. L. Dutton has been nominated as a candidate for the First Vice-Presidency of the Engineering Society in the elections to be held on Friday. During the past year, Dutton has been Treasurer of the Society, and in that capacity has gained a good deal of experience which should be of great value in executing the duties of First Vice-President. As most of the students are likely aware, the First Vice-President is Chairman of the School Dinner Committee and also the "At Home" Committee, both of which necessitate a good deal of attention and time. With the knowledge of these functions gained during the past year, Dutton should be able to look after them capably. He has successfully looked after the Society's interests as Treasurer, and if elected First Vice-President will continue to serve to the best of his ability.

What Counts Most In A Strip Poker Game Is Your Hand.

#### "ALF" HANCOCK FOR PRESIDENT ATHLETIC ASSOCIATION

"Alf" Hancock, 3rd year athlete, who is in the field for the presidentship of the athletic association, certainly has an enviable athletic record and justifies the support of schoolmen. His record includes:— Interfaculty rowing, basket-ball, on Mulock cup champion team, coach of Mulock cup champions—1928-29, Capt. of Senior School Rugby team 1929-30, Capt. Junior School Hockey team 1929-30.

There is no doubt that if he gets in every sport and every year will be catered to with keen executive ability. The best of equipment will be bought at lowest prices with the idea of increasing the total permanent equipment. This will probably

mean better uniforms and more championship teams with the help of outside coaching.

Many a girl has worn out a pair of half soles in order to retain a whole one.

#### PANAY BALLACHEY— VERSATILE ATHELETE RUNNING FOR PRESIDENT OF ATHLETIC ASS'N

Among the aspirants for the Presidency of the Athletic Association is Panay Ballachey. During the past two years he has served on the Executive in the capacities of Vice-President and Secretary-Treasurer respectively. He has been connected with school teams both as player and manager and has always followed with great interest any teams playing under school colours.

"School" teams last year won more championships than all other faculties combined. This year the fine success has continued and School teams are in the lead in every branch of sport. Every team is well equipped and plays under ideal conditions. Lets get behind these boys and support them as School teams deserve support. Ballachey, through his past experience and association with the various sports would be a very capable man for this office and School success in athletics would undoubtedly be assured for next year.

Reformers condemn the modern flapper for her wild living and her daring dress, but beneath it all she's just like the old-fashioned girl.

#### KEEP THE GRADUATING YEAR INTACT

Just what percentage of the "old originals" are still in the ranks of the present fourth year is a piece of information that we cannot obtain off-hand. The casualties have been heavy in the three spring "attacks" so far undertaken, and as the zero hour approaches for the fourth and last battle next April, the boys are estimating the chances of winning the war without any further losses in the personnel of the year. But, however, many may have fallen by the wayside during the four years, the hardest job will be to keep the battalion "up to strength" when the men scatter to the various parts of Canada, Siberia, Australia, China and Hamilton. An effort is being

made to prevent the disintegration of the year as a unit.

The Engineering Alumni have suggested that the permanent executive of 3T0 should include a secretary-treasurer, and three councillors, all of whom are to be residents of Toronto after graduation. In case the Secretary should leave this city, one of the councillors would assume his position. This is thought desirable, since all meetings of the year and of the Engineering Alumni will be held here.

The next important item is to find the right man for secretary treasurer. Of course, 3T0 will immediately recognize that the only one capable of adequately filling the position is Bill Dowds. Any member of last fall's Senior Rugby team will vouch for the fact that Bill will work hard at a thankless job.

A fellow sometimes gets pretty low in his treatment of women but Harry K. Thaw, who lost the \$75,000 suit for spanking a girl with a hair brush, certainly hit bottom.

#### REPORT ON SCHOOL "AT HOME"

As has been the case in previous years School "At Home" was the climax to a wonderful campus social year. This year has conclusively driven home the point that School "At Home" is the best party of the year.

On the evening of Wednesday, February 26, School Graduates and Undergraduates and as many other men from other faculties as were fortunate enough to get tickets met in the Concert Hall of the Royal York Hotel.

The management certainly did themselves proud in the way of decorations. The hall was decorated with many varicoloured Chinese lanterns which diffused a mellow glow throughout.

The music was supplied by Romanelli's orchestra, who "burned" all the way, featuring a red hot trumpeter.

Supper was served in the Banquet Hall which proved to be one of the best. The tables were decorated with flowers and flowers and flowers and chicken a la King was served in plenteous helpings.

At 3 o'clock "The King" was played and 800 people left the confines of "Canada's Finest Hotel" looking forward to their 9 o'clock lectures Thursday morning.
